

Mac Osterneck, Automation Specialist 610-525-6606 mac66@comcast.net
Manufacturers Representatives for Machine Building: Linear & Rotary Motion Solutions & Fabrication

www.joycedayton.com – Screw Jacks & Actuators
Lifting Systems complete with motors & controls, Lead &
Ball Screw, Worm, & Bevel Gear Jacks, Driven Turnkey
Actuators, Control Systems, IBC Bellows & Covers

www.edriveactuators.com – Heavy Duty Actuators
Rugged, Long Life, High Precision Rod Style Actuators
IP69K Rated Washdown Rod Style Actuators
UA Universal Actuators – Hydraulic Replacement

www.bwc.com – A World of Motion Solutions
Dual Vee® Wheels & Track, UtiliTrak, LoPro, GV3
Belt & Screw Driven Actuators & XYZ Gantry
Hepco PRT2 Rings & Curvilinear Motion Systems

www.fibrort.com – Rotary Indexing Tables
Machine Tool Indexers & Automation Indexers
High Speed Precision Indexing – World Class Performance
For CNC and Assembly Systems – Zero Maintenance

www.gmnusa.com – Machine Tool Spindles
High Speed Precision Spindles for Grinding/Milling
Spindle Repair & Rebuild – Service
Machine Tool Chillers & Lubrication Systems
Longest Life Minimizes Downtime

www.apmmfg.com – CNC Machining Services
Machining of Castings; Program Management
Custom Machining from Prototype to Production
Build to Print for All Metals, All Plastics

www.houstonproductsinc.com – Side Grip Conveyor
Grippers and Gripper Chain for container handling: Bottling
Rinsing, Filling, Elevators, Lowerators, & S-Curves
Industry Standard 114 Gripper 1873 Chain Dimensional Interchange

www.kyntronics.com – Smart Hydraulic Actuators
Best of both Servomotor & Hydraulic Cylinder
Superior Performance, Power Density, and Control
All In One Units, Completely Self Contained

www.elite-robotics.com – High Performance Cobots
Industry Standards at Competitive Prices
Best Delivery – USA Inventory & Support
Python Platform – Touch & Teach Easy Programming

www.socareusa.net – Slewing Rings, Slewing Drives
Worm Drives, Slewing Bearings, Thin Wall Bearings
Thin Wall Gearing Custom Materials and Coatings
Cost Effective Industry Standard Geometry
